

Discovery Boxes

There are 4 boxes that have been beautifully painted by the Guides on Giant Art Day. If you stand by the flagpole, you can see them all. They can be used as bases in a wide game or for wherever your imagination takes you.

There are already interesting cards for exploring in each box, should you wish to use them

Magnifying Glasses

- The Mag Post by the bug house is ideal for closer inspection of bug leaves etc.
- Additional small magnifying glasses can be found in the leader's lounge
