

Faufold Outdoor Fun Challenge

Faurefold Outdoor Fun

Hello

Welcome to this outdoor challenge.

We hope that you will have a great time collecting as many snail points as you can. Some things are more difficult than others which is why they are worth more snails! There are 80 points altogether.

Set yourself a length of time to collect your snails, what can you challenge yourself to do?

Days/Weeks:

Number of  points:

1

It's fun to feel the grass.

Role down a bank as fast as you can, you could have a race against the others or have a relay.

2 

2

Den building is one of the best things to do at Faurefold, see if you can make a rain proof one with the help of the old ground sheets in the brown camp shed. If it's not raining test it with a bucket of water! *Did the people inside get wet?*

3 

Draw a sketch of your den and describe where it was.

3

Run round in the rain!
Scores out of 10?
How much fun was it?
How wet did you get?
Who did you do it with?

4

Mix up some mud pies and mud pictures or put a funny mud face on a tree trunk.

5

Wild Art is using anything you can find out in the wild at Faurefold or in the garden, look for twigs, leaves, acorns, stones, grass and make a picture.
 If you use a person as the body of a butterfly or bee you can make some lovely wings for her.

6

Follow a trail through the woods made of sticks or flour made by your leader. Then have a go at making a trail for someone to follow.
 Think of something different to make it out of.

Don't forget to explore the Nature Path if you are at Faurefold and find all the wooden faces

7

Pick blackberries in late summer and make a pie, you could mix them with apples. There are two apple trees and a few blackberry bushes at Faurefold, but if you went for a walk there are lots more along the footpaths. Be careful not to touch the stinging nettles!

4 

8

Take part in a barefoot trail.

It feels good to have bare feet. Collect different things and form a safe trail, not on the grass, about 20 metres long, use dry leaves, grass, sand, a washing up bowl of ice cubes, a soft towel and what ever you can think of.

You can see where you are going or do it blindfold.

Write a list of all the things in your trail and give them a 😊 for good and a 😞 for bad!

And were you surprised?

3 

9

Do some star gazing.

Find a book on stars or ask an expert to come along and explain what the stars are called.

It's really fun to go out at night, it will be darker at Faurefold than at home as there are no street lights. That will make the stars easier to see. You might be lucky and see a shooting star.

Was the moon out?

There are bats in the trees and you might catch a glimpse of one.

3 

10

Hunt for bugs and mini beasts.

There are lots of places to look for bugs. The best place is underneath logs and stones. Always put things back the way you found them. If you use a bug pot put your bugs back where you found them. You should be able to find ladybirds on the wild flowers in the summer. There are lots of books on the shelf to look up bugs.

What did you find?

List or draw your favourite bug.

4

11

Catch a falling leaf.

This can be a really fun game on a windy day. But if it's not windy you can easily collect some leaves and toss them in the air.

What sort of leaves did you catch?

3

Do a leaf rubbing on this page.

12

Find animal tracks and holes.

There are rabbits, deer, badgers and moles at Faurefold. You might see a track in the sand by the burrows or in the woods. You will find mole hills, burrows and a badger sett in the woods.

Look in a book to find out what they look like so you can recognise them when you find one.

You could cut some tracks out of card and put them along a path for your friends to follow.

3

A badger's footprint

A badger's set

A mole hill

13

Make a bug castle or wood pile.

You could do this in your garden or anywhere there is wood. Bugs love to have places to hide so you could make a special little or big castle.

Don't disturb them!

3

14

Go for a walk at night in the dark.

I went:

Date:

15

Use a map to find places at Faurefold or where you live, find out about the compass points and direct someone to go to a point using them.

Draw your map:

16

Cook on an open fire.

You can toast marshmallows on a stick or make a meal.
Collect fire wood and learn how to light a fire.
Make sure you do it safely and with an adult's help if you need it.

NEVER PLAY WITH FIRE

What did you cook?

17

Find mushrooms or toadstools and draw them. **It is best not to touch them or pick them as they might make you sick.**

They are very beautiful and appear in Autumn.

18

Make something useful from things you find in the woods.

It could be a pot stand or a stick to put your wellies upside down to dry on.
You could make a bench to sit on.

19

Collect 6 different leaves, draw and name them.

3

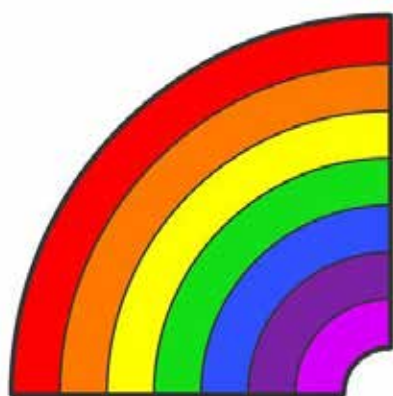

20

Make a rainbow from natural materials.

In nature there so many colours, they may not be as bright as your pens but all the same they are there, see what you can find.

2

R Red
O Orange
Y Yellow
G Green
B Blue
I Indigo
V Violet

21

Make lots of bark rubbings from different trees.

There are smooth trees and rough trees see how many you can find.

2

22

Play hide and seek.

When you are outside at Faurefold or in the garden or park hide and seek is a great game to play with every-one, you only need 2 people or it could be lots of people.

How many people did you play with ?

Where was it ?

2

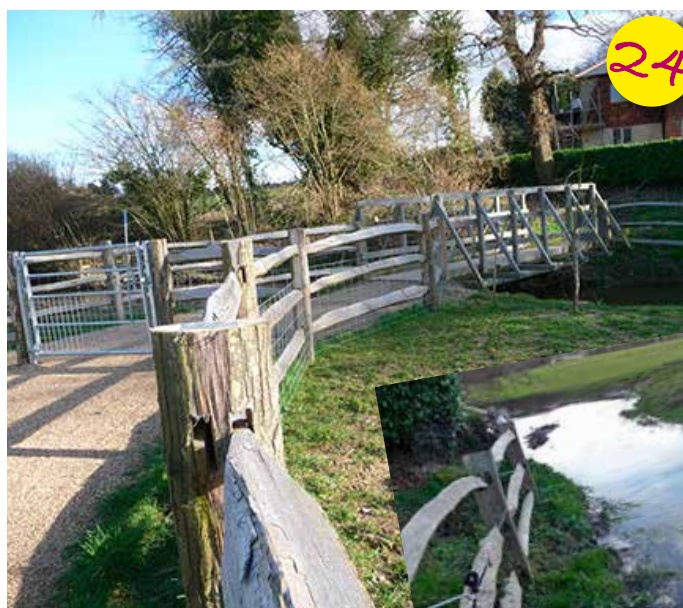

23

Collect charcoal and do a charcoal drawing.

There should be plenty of charcoal in the campfire circle, make sure it is COLD.

Or you can get it from an art shop.

24

Play Pooh Sticks.

There is a lovely little bridge over Pippbrook.

Just turn left out of the gate and go down the lane and you will find it.

You might know of other good bridges and streams to play.

Or maybe you have been to the real Pooh Sticks Bridge in the Ashdown Forest.

BE CAREFUL and HAVE FUN

25

Play Os and Xs

Find the game near the bug house and play Os and Xs with a friend.
